# ALL ABOUT DAD BOOKLET

## INSTRUCTIONS

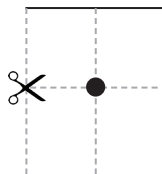

Give each child an "All About Dad" booklet page printed from the print materials file. To create the booklet from this one page follow these steps.

Step 1 - Fold the page in half length ways then unfold.

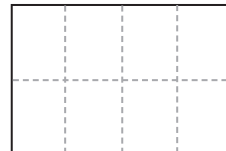

Step 2 - Fold the page in half the other way, top to bottom.

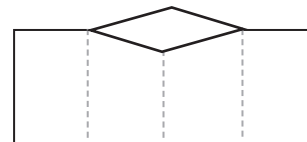

Step 3 - Take one layer and fold it into the centre fold line, then turn it over and do the same to the other side.

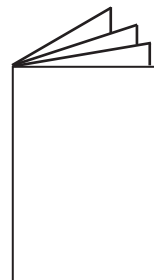

Step 4 - Open the folds a little and cut through the centre fold, following the creased line, you cut through two layers of paper and stop at the cross fold.

Step 5 - Holding each side of the cut section, bring them down and fold along the vertical crease.

Step 6 - Now fold the pages flat and fill in your book.
